Item No.26

Ref No C1/10391/2016/C

Heard. This item is to decide actions to be taken against the permit holder in respect of Stage carriage KL-58/R-711, being responsible for use of vehicle against permit conditions. The complainant is the father of Sri Arjun Karun, who was killed in an accident caused by this vehicle. It is reported that the young engineering post graduate was hit from back by this vehicle, and the passenger fell down. The driver had drove the vehicle over the fell-down victim, crushing the helmet, causing instant death. The case was highly sensational, and the driver was charged with case under section 304 IPC. Minimum care from the part of the driver could have avoided the death. The permit holder is responsible for the behavior of the driver of a transport vehicle under rule 153A, as an additional permit condition. Action under section 86[sub-section(b)] has to be invoked in this type of highway crashes created by drivers due to

lack of proper supervision of permit holder. Safety on roads is at heavy risk. The road safety committee of Hon'ble Supreme Court has directed grave actions against dangerous drivers and vehicles. Hence the regular permit of the stage carriage bearing Registration No KL-58/R-711 is **suspended for one month** from 01.8.2017. The permit holder should inform the place of garage during the suspension period. Secretary RTA shall ensure that the vehicle is not being operated during the period of suspension.
